This offer is limited to two full sets prior to Christmas. delivery area is not set in stone, but in order to keep my costs down I have to limit the delivery area, if you really want these and are willing to pay the extra (actual) travel costs for gas I would be happy to talk to you,

I will also be in Florida this month, for Vacation so if you are along the route down there or back I would honor this deal. I custom make these myself in my shop in Michigan. bbe sure to check out the
